

## AV-3-BUF Single Head Filler

Simple & Effective Business Solutions

The AV-3-BUF Single Head Volumetric Liquid Filler offers a simple to operate, heavy duty design with a proven history of reliability and ease of use and cleaning. With a fill process that begins at the bottom of the container this filler is designed to be used with bubbling or foaming liquids that aren't suitable for standard fillers. This filler comes standard with a positive shut off nozzle. Ideal use with all creams, pastes, and liquids.
