

Pack Leader ELF-20

Simple & Effective Business Solutions

The Pack Leader ELF Series Labeller is the most economical and efficient in terms of capabilities. The aluminium and stainless steel design make it portable and durable. The user-friendly operating system and microprocessor controls add many features that can boost production efficiency, with a maximum product width of 180mm. The Pack Leader

Elf series is the smart choice for small production runs when efficiency and equipment costs are major considerations. Pack Leader ELF series labellers are the best helping hands available.

- Hand wheels provide simple adjustments and enable quick set-up and easy changeover.
- Made with durable 304 stainless steel and anodized aluminum.
- Manual position setting ensures your labels are placed accurately on the product, each and every time.
- Estimated 20 Units Per Minute (potentially up to 38 UPM *application dependent).
- Supplied with SICK UFN3-70B413 Sensor which is suitable for Clear, Standard & Metalized labels.
- Hot Foil Coder (Batch Code / Use By Date Stamp) available (optional module).
